The life I had with you is dead and buried
The time I spent with you is gone I know and you know
No more time to spend on waiting
So tell me how it feels to die and be buried alive

I hope you wake up alive
I lost my, I lost my life
(You had that death stare in your eyes)
I lost my life this time

Lights from your eyes sell your disguise
You fooled me once but not this time
And when the darkness falls
You kick me over the edge
This is my reason for moving, for moving
How does it feel to be buried alive

This is your last chance to take everything back
I'm waiting for you but standing here's getting old
You're standing so close to the edge
I am so tempted to kick you off
(I can't wait for your body to hit the ground)
I can't wait for you body to fall

Lights from your eyes sell your disguise
You fooled me once but not this time
And when the darkness falls
You kick me over the edge
This is my reason for
The life I had with you is dead and buried
The time I spent with you is gone I know and you know
No more time to spend on waiting
So tell me how it feels to die and be buried alive

Lights from your eyes sell your disguise
You fooled me once but not this time (x2)

And when the darkness falls
You kick me over the edge
This is my reason for moving (2)

The life I had with you is dead and buried
The time I spent with you is gone I know and you know
No more time to spend on waiting
So tell me how it feels to die and be buried alive
