

In The Woods...

"The Promise"

It's haunting
This hole that you have over me
I grow so weak

I see you
And everything around you fades
And I can't see

You can never know what it is you do to me

I can't take what you do to me
I can't take it (x2)

No matter what I say or what I do
I know how this will end
So I turn it away now before we begin

And now matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous for you (x2)

You touch me
And I can barely make a move
And I can't breathe

You never know what it is you do to me

I can't take what you do to me
I can't take it (x2)

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin

And no matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous

The only promise I could make
Is that my promise is a lie
The only promise I could make you
Is that my promise is a lie

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin

And no matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous for you (x6)

I'm dangerous, I'm dangerous for you

My promise is I will hurt you (x4)
