Baby, baby, baby, baby
It's been a long, long road
It's been a long, long dream
Baby, baby, baby, baby
God knows I gave them Hell
God knows I've tried
But at least I can say, at least I can say I loved
At least I can say, at least I can say, I loved
When I lie down and die, when I lie down and die...
...I can say I loved.
Baby, baby, baby, baby. baby
There's not a thing I would change
My heart's still in the flames
Baby. baby, baby, baby, baby
There's been a beautiful tragedy
But at least I can say
AT LEAST I CAN SAY I LOVED
AT LEAST I CAN SAY, AT LEAST I CAN SAY I LOVED
When I lie down and die, when I lie down and die, when
I lie down and die, when I lie down.
At least I can say, At least I can say, at least I can say - I
loved.
