I feel you growing closer
I feel you in the air
And I call
I know you hear my voices
I know you're drawing near
And I'm waiting

So Come away
So Come away with me

So Come away

In the dawning of my night
I am free
Lying by your side

There's a fire
in the water
You're drifting into me
Falling free
Burning eternally
Confessing all
I keep thee

So Come away

So Come away with me
So Come away

In the dawning of my night
I am free
Lying by your side
And as the stars
begin to call
I awake
As you're diving
down for me

So Come away
So Come away with me
So Come away

In the dawning of my night
I am free
Lying by your side
And as the stars
begin to call
I awake
As you're diving
down for me
