Waking up I realize the sun is in my eyes  
In my mind another film starring you  
And all around everyone is living only lies  
But now I know it what a feel is something really true

Right in my heart, your life is so meaningful  
I open my wings and I fly  
Never apart in my eyes we're so beautiful  
My love will be sure  
Evermore

When I think of all the pain I had yesterday  
All the tears in my life and my loneliness  
I know it's only in my mind and yet I hope and pray  
The day would come and maybe you will find you hate  
me less

Right in my heart, your life is so meaningful  
I open my wings and I fly  
Never apart in my eyes we're so beautiful  
My love will be sure  
Evermore

Love me, love me  
One more time  
Please darling  
Be mine, be mine  
And come on baby  
Love me  
One more time  
Please darling  
Be mine, be mine
