I was ten, I was fine
Mama said: ?Oh happy day?
I was blond, also sweet
Like a doll, you did say

Two time spent, oh la la
Mama says: ?Oh happy day?
Did a man meet my eye
Did you say: ?Darling, please, look away?

Shock!..

Twenty-nine, time goes by
Mama says: ?Oh happy day?
I will soon be a bride
But you cry: ?Baby, you gotta stay?

Let me go, set me free
Mama, don't be such a spy
I'm just living my life
I will open my wings and I'll fly

Shock!..

Shock in the morning
Every night and day
Shock in my mind
Every day
