First there's no one, then they're all selected. Without
exception, no way to escape
Backstabbing, like two-faced bastards.

PRE

They will turn around and take another shape

CHORUS

It's a necessary evil so evil would not spread, it's not
humiliating, it's not a threat
It's a necessary evil so evil would not spread, suffer the
consequence and pay your debts
pay your debtsâ€¦!

Only time, will tell, that life is a lesson to learn...
And, again there's no one, are they all infected?
Without exception, no way to escape

PRE

CHORUS

Now you're better off dead

Of course there are the necessary objections, coming
from the usual side.
But there will always be those who want to oppose,
Because they have to and because they want to.
It lies within their genesâ€¦!

Don't exaggerate, let me choose my own way, just
focus on their hate,
Don't manipulate, let me use my own pain, the fate is
what you create.

Only time, will tell, that life is a lesson to learn and we
learn from the pastâ€¦!

When your path is straight, don't matter, take them,
We don't care, it's their choice, it' their lair

PRE

CHORUS

When your path is straight, don't matter, take them,
We don't care, it's their choice, it' their lair.
