I can hear her scream

A voice ringing in my head  
Am I dead  
There is nowhere to hide these feelings inside  
Except

I didnt do  
Anything

Doing my time, walking the line  
And watching my whole life flash  
Right before my eyes

Its not her blood  
On the blade

Forcing needles into my veins  
So much pain  
Falsely accused  
I dont know what to do now

You cant pin this  
On me

Fear running through my mind  
Theres no time  
Im not ready to leave this world  
Behind

Walk

I remember a time when life was great  
Everything was easier to deal with

I had freedom, I had love

Waking up to the morning light through the window  
Reflecting off your hair, so beautiful  
Like an angel from above

I cant recall how I wound up in this place

Just a hazy memory of your face

And disarming comfort of your touch

So all is lost  
So I just disappear  
And at what cost

Please get me  
Out of here Im not prepared

To go like this  
Im longing just to hear your voice  
To feel your kiss  
Return me to a time that was eternal bliss  
God send a miracle to prove my innocence  
My heart is beating way too fast  
The clock is ticking  
I dont think that I can last another minute  
Forced out of this life and I cant seem to get it  
A horror story in my mind  
And I am in it

Walking in through the front door so unexpected  
The candles burning, perfume in the air

Howd you know I was coming home

Peeked in the bedroom and grinned  
And then I saw you with him  
I felt my soul inside of me  
Was burning up

And all my memory from there is gone

So now Im waiting to die each minutes flying by  
And there is nothing I can to say to clear this up

I dont know  
Whats going on

So all is lost  
So I just disappear  
And at what cost  
Please get me  
Out of here

So all is lost  
So I just disappear  
And at what cost  
Please get me

Out  
Of  
Here
