Godspeed us to save this place
Godspeed us to states of grace
Fate is something that I pray stays stronger than your
self restraint
We all have eyes but few can see that we're already in
the place to be
Let's write out doubt so gracefully
The living rhythms start again with yet another night to
spend on unseen wires and window panes
We can share the same last name
If these lines could rearrange to redesign a perfect
frame, pictures painting us in place, breathing life
