

## Ina "I Wanted You"

Visit "[I Wanted You](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Lately I've been thinking 'bout wat i can do  
I've been stressing to fall back in love with you  
I'm so sorry that I couldn't follow through  
But I can't go on this way  
I've got to stop it babe  
You've been wonderful in all that you can be  
But it hurts when you say that you understand me  
So believe me I, I am sorry I.. I am sorry I, I

I wanted you to be there when I fall  
I wanted you to see me through it all  
I wanted you to be the one I love  
I wanted you, I wanted you  
I wanted you to hold me in my sleep  
I wanted you to show me what I need  
I wanted you to know just how down deep  
I wanted you, I wanted you

I've been pushing hard to open up the door  
Trying to take us back to where we were before  
But I'm done I just can't do this anymore  
Cause we can't be mended  
So let's stop pretending now  
We've been walking round in circles for some time  
And I think we should head for the finish line  
So believe me I, I am sorry I.. I am sorry I, I

I wanted you to be there when I fall

I wanted you to see me through it all  
I wanted you to be the one I love  
I wanted you, I wanted you  
I wanted you to hold me in my sleep  
I wanted you to show me what I need  
I wanted you to know just how down deep  
I wanted you, I wanted you, yeah

I, I I'm so sorry baby but  
I, I I've got to pack up and leave but  
I, I'll always remember how we came close to be  
And what I wanted to be  
I wanted you baby

Ooooooh Yeahh  
I wanted you  
I wanted, I wanted you

I wanted you to be there when I fall (I wanted you to be there, yeahhh)  
I wanted you to see me through it all  
I wanted you to be the one I love (Ooh ooh)  
I wanted you, I wanted you (I wanted you oh)  
I wanted you to hold me in my sleep  
I wanted you to show me what I need (I wanted you to know me just how down deep yeah)  
I wanted you to know just how down deep (I wanted you to know just how)  
I wanted you, I wanted you  
I wanted you  
I.. I wanted you, I wanted you
