A welfare state, class compromise
Which stops things short, short of revolution
Assault on freedom, there's no protection
There's no equality in exploitation

Law and justice are hiding behind
Veil of ignorance, greed and corruption
One salvation through suicide
No one answers to the mass destruction

History's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried

Justice isn't meant to be blind
Not deaf and dumb, a mute institute
The cracks of liberty filled with the cash
The working man ain't got no solution

Government power reigns with a blow
The dirty water stinks of pollution
Line goes deep, deep to the wall
There we await our execution

History's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried

History's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried

History's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried

History's glory, another dead man's story
When the voices haven't stopped

The powers at the top
Our life is shaken, weaken and worried

History's glory, another dead man's story
When the voices haven't stopped
The powers at the top
Our life is shaken, weaken and worried
