We grew up together
When we were only kids
Fighting against a world
That didn't really exist

[Incomprehensible]
[Incomprehensible]
Don't know where it went wrong
And I don't know who to blame

No time for you now
No time for you now
Still we carry on

No time for you now
No time for you now
Still we carry on

Nestling on your pedestal
Low as low can be
The streets where we came from
Is where I wanna be

A rumor here a rumor there
This time you're gonna fall
Time has passed the youth has gone
You didn't get the call

No time for you now
No time for you now
Still we carry on

No time for you now
No time for you now
Still we carry on

One, two
One, two, three, four

No time for you now
Still we carry on
No time for you now

Still we carry on

No time for you now

Still we carry on

No time for you now
