Children wait for the signs  
You'll hear the scratch-scratching  
From the stereo  
The power's off  
And you're alone  
Listen, footsteps  
Cause no one's home tonight

I'm so afraid  
Oh, nightmares when I dream  
I'm so afraid  
Oh, nightmares when I sleep

Ghosts, they scream, they torture me  
I lie awake because I'm trembling

Like a cold of rush of blood to the head  
And I just want to fall asleep  
But I'm sh-shivering  
And the noise it starts  
Hide in your bed all alone in the dark  
Pretend you're dead tonight

I'm so afraid  
Oh, nightmares when I dream  
I'm so afraid  
Oh, nightmares when I sleep

Ghosts, they scream, they torture me  
I lie awake because I'm trembling (x2)  
In the night

I won't let you know that I'm feeling scared  
And I'm feeling scared cause I'm all alone  
I won't let you know that I'm feeling-I'm feeling scared  
(x2)

I'm feeling, I'm feeling scared

No one will ever  
Get out alive  
No one will ever

Get out alive!

No one will...

No one will...
