[Lyrics by Robert Yench, Music by John McEntee and Robert Yench]

We break the chains of God's will  
Vengeance for those who challenged the law  
Arise, awake or forever be fallen  
Create unholy war, black council of Armageddon  
Impious ressurectors of eternal blasphemy  
We worship you in dark idolatry

We call out their secret names  
Come forth the spawn of sin, we await your command  
Unleash your wrath upon the world

We break the chains of God's will  
Vengeance for those who challenged the law

Arise, awake or forever be fallen  
Create unholy war  
Black council of Armageddon  
Impious ressurectors of eternal blasphemy  
We worship you in dark idolatry

Anoint the chosen, and swear our souls to Damnation
