Fearful winds of burning fire  
As we clean the scars of time  
Rising from the ashes  
Of a world destroyed  
The light of dawn approaches

No longer shall we subvert  
Eons spent in slavery  
To the empty skies  
As men, as brothers  
We shall break free  
I will lead thee; a phoenix race

Fearful were these men  
Terror in the face of Zeus  
But I suffered in these ruins  
For I sought to bring light...

[Chorus:]

With this banner high above our heads  
Proclaiming a brand new day  
For we have brought to thee  
The dawn of the great rebirth

Fearful winds of burning fire  
As we clean the scars of time  
Rising from the ashes  
Of a world destroyed  
The light of dawn approaches

[Chorus:]

With this banner high above our heads  
Proclaiming a brand new day  
For we have brought to thee  
The dawn of the great rebirth

Fearful were these men  
Terror in the face of Zeus  
But I suffered in these ruins  
For I sought to bring light...

[Chorus:]

With this banner high above our heads  
Proclaiming a brand new day  
For we have brought to thee  
The dawn of the great rebirth  
I, Prometheus, vow this unto thee
