Let the music play, no, no, no, no
Let it play

Now it's time to let the music play
Let it play

It's time to get away
We're starting to move, right back to ya,
(I Say) get into the groove

We started dancing and love put us into a groove,
As soon as we started to move,
The music played while our bodies displayed for the
dance,
Then love picked us out for romance,
We started dancing and love put us into the groove,
As soon as we started to move, (as soon we started to
move)

Chorus:
And I say, let the music play (let it play) we won't get
away,
Just keep the groove and then he'll come back to you
again (let it play)
Let the music play (let it play) we won't get away,
Just prove you can ignore he won't need you anymore.
No, no, no, no
Stop let the music play (music play, music play, music
play)
Let it play
It's time to get away (get away, get away, get away)

He tried pretending our dance was just a dance but I'd
seen,
He's dancing his way back to me
Guess he discovered we are truly lovers,
Magic from the very start this love just can't be proved,
'Cause every time we move even though we danced
apart

We started dancing and love put us into the groove,
As soon as we started to move (as soon as we started

to move)

Chorus

Rap:

As we start to dance wanna play the music as I enhance
I know you're ready for me, ready for me the Bus Stop
Domino MC,
Get down work it to the bass work it to the bad boy, no
disgrace
Wanna feel the music, wanna get higher, set the place
on fire

Chorus to fade
