

## **Bus Stop "Since You've Been Gone."**

Visit "[Since You've Been Gone.](#)" on MotoLyrics.com

Yeah, C'Come on 1, 2, 3

Down with de jam an'  
We're coming with the dance  
Rigging and a jigging with the rough romance  
All of the masses get on your feet  
Coming with the bad boy rudeboy beat.

Rap:

It's a long time sine you've been gone, why  
Did it go so wrong,  
All the memory's that we shared,  
I never knew you still cared,  
Take a good look at my face,  
Can't you see my smile's out of place  
Just like the rays from the sun,  
I need you now babe but now you're gone.

Chorus:

These four walls are closing in,  
(These four walls are closing in)  
Look at the mess I might be in,  
Since you've been gone,  
Since you've been gone,  
I'm out of my head can't take it (yeah),  
You might be wrong, but since you've been gone  
(Since you've been gone)  
You cast a spell so break it  
(You cast a spell).

Wooh, wooh, wooh (going out of my head),  
Since you've been gone.

Rap:

Since you've been gone, yeah, we're rocking  
And clocking on the microphone, roughneck DJ  
Work it to the bone,  
Since you've been gone,  
Back once again it's time to begin these four  
Walls keep closing in so listen to what I say  
Rigging and jigging with the boss DJ.  
I feel it in my heart and I feel it in my soul when

It's in my brain I lose control since you've  
Been gone I can't take it,  
You made a promise that you wouldn't break it.

Repeat Chorus

1, 2, 3, 3, 2, 1, all right crew let's get a move on  
(Get a move on, get a move on)  
Now come on, on the dance floor,  
Coming for more  
Coming for more, coming for more)  
You know the score.

Repeat Chorus

Since you've been gone,  
Since you've been gone  
(Yeah, going out of my head)  
Since you've been gone,  
Since you've been gone  
(Since you've been gone I can't take it,  
You made a promise that you wouldn't break it)  
Since you've been gone,  
Since you've been gone  
(I need you babe but now you're gone)  
Since you've been gone,  
Since you've been gone.
