we are going to invent the glasses  
strong enough to make you see  
it's not the flight waiting for you  
but a fall

we'll show you the black and white trampoline  
jump high jump higher than anybody else jump high  
chorus:

watch out for the animal  
behind the mountains of our daily habits  
screaming for the two kinds of freedom  
lies and truth both the same

the better is betting on one of it  
ignoring that there's no choice left  
so they can't win neither the sun nor the dark  
chorus

we're putting the red lighter into your heart  
so give us your ok to set it on fire  
the violins you will hear  
will not be in heaven in heaven  
before they slept one night here  
under the oldest apple tree  
it's found in the garden of life  
chorus
