I'm packin' my bags and I'm on my way  
It's time once again to take my music on the road  
But first let me hold you close a while  
For it's this kind of tenderness  
I'm gonna need to get me through

(Baby you know how to heal my wounds)  
Oh yes you do  
With you in my life  
I feel like I just cannot lose  
(Just can't lose)  
So wherever I am in this world  
I just close my eyes and I find you

\*(All I got to do is close my eyes baby)  
Wherever I am there you are  
(All I got to do is close my eyes)  
Wherever I am you will always be

We're headin' for the big one down Geneva way  
We're makin' for the shorelines where everybody's  
come to play  
Some of us are sleepin'  
Others at the back just chillin'  
You're on my mind and everything is alright, yeah

Baby you know how to heal my blues  
Oh yes you do  
With you in my life  
Oh I feel like I just can't lose  
(Just can't lose)  
So wherever I am in this world  
I just close my eyes and I find you

I'm gonna need more than a lifetime  
To do all of the things that I wanna do with you, babe  
Thank you for you understanding  
Baby knows I got a gig to do

Wo-oh, yeah  
I just close my eyes and I find you

[repeat \* 2x]
