Out in Rio, we strolled the Ipanema  
And headed for the samba  
How could we know, just what would come at sunset?  
The day we'll never forget

With Sugarloaf in the distance fading  
We held the night, and it felt so right  
No greater feeling have I known  
Than to watch the sunrise in your eyes  
Sweet love

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good  
Gonna give you everything your heart desires

Come with me now, let's take a flight to Mexico  
Something there I want to show you  
Let's take our wings like butterflies  
Together we can touch the skies  
Like Frida and Diego

Through the deserts and the harsh lands, baby  
I hold you tight, it feels so right  
No greater feeling have I known  
Than to watch the sunrise in your eyes  
Sweet love  
Sweet love

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good  
Gonna give you everything your heart desires

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good  
Gonna give you everything your heart desires

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good

Gonna give you everything your heart desires

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good  
Gonna give you everything your heart desires

Gonna give you everything you need  
Gonna give you everything you got  
Everything your heart desires  
Gonna give you everything you need  
Gonna give you everything you got  
Everything your heart desires

Now, I got this feeling, it's undenying  
Gonna give you everything your heart desires  
Yes, I got this feeling, making me feel so good  
Gonna give you everything your heart desires
