(Jean-Paul Maunick)

We've got so little time on our hands to make all the
changes
That we're needin'
Can't leave until tomorrow what we need to do today,
oh no
We just can't leave it

War is not the answer to the problems that we're facin'
Gotta learn to live together
Prejudice and pride, ignorance for our defence is not
the way
If we wanna have a future

Turn back the pages of our history
Learn from our mistakes

Got to know, got to know, got to know
People got to know it
Got to know, got to know, got to know
What we reap is what we sow

The writin's on the wall and it's clear for all to see the
danger
Won't you heed it
We can use the power of expression choose our
destination
What it is, What it is

Let's send a message loud and clear to the leaders of
the world, there's no excuse
For this abuse
No more wars, no more wars, no more wars, don't want
to fight no more
No more, no more, no more

Turn back the pages of our history
Learn from our mistakes

Got to know, got to know, got to know
People got to know it
Got to know, got to know, got to know

What we reap is what we sow

There is no shame and all to gain
Gotta give peace a chance
Woh oh oh, do right
