(incognito)
The man behind the mask
(incognito)
At the masquerade's board?
(incognito)
Can you see through his disguise?
(incognito)
Is he a friend of yours

(incognito)
The man behind the mask
(incognito)
A face you can't conceal?
(incognito)
I can see through your disguise

Standing in the dark
Hidden in the crowd
(incognito)
Trying to see your face
Chasing shadows through
(incognito)
The night
