I'm a man, I know that you've been hurt by one man  
more

Understand, you have never known a love like this

A love like this before

A love like this before

Promises, I know that they come knockin' at your door

But it's me who stays, true to every word and more  
than this

I can give you more

I can give you more

You're living on the run, tell me baby, when will it all  
stop

I'm waiting for the chance, I wanna give you,  
everything I got

Slow down take it easy, all you've got to do is reach out  
for me

We can work and make it

A labour of love, love, love

I'm a man, I know that you've been hurt by one man  
more

Understand, you have never known a love like this

A love like this before, yeah

Well, no no

Living on the run, tell me baby, when will it all stop

I'm waiting for the chance, I wanna give you,  
everything I got

Slow down take it easy, all you've got to do is reach out  
for me

We can work and make it

A labour of love

A labour of love

Labour of love

A labour of love

Living on the run, tell me baby, when will it all stop

I'm waiting for the chance, I wanna give you,  
everything I got

Slow down take it easy, all you've got to do is reach out  
for me  
We can work and make it  
A labour of love

Stop think it over, where I'm coming from  
I'm not here to fool anybody, please don't get me  
wrong  
Slow down take it easy, all you've got to do is reach out  
for me  
We can work and make it  
A labour of love

Slow down take it easy, all you've got to do is reach out  
for me  
We can work and make it  
A labour of love

Stop think it over, where I'm coming from  
I'm not here to fool anybody, please don't get me  
wrong  
Slow down take it easy, all you've got to do is reach out  
for me  
We can work and make it  
A labour of love

Labour of love, love you  
A labour of love, love  
Labour of love  
I, I want you my baby  
I got to give it to you love  
We can work and make it
