There's a sky in the east over pyramids at Giza  
Where there once lived a girl, she ruled the world  
Then down the Nile he came with a smile

He was the king, she was the queen  
Under the moonlight your eyes won't believe  
What your mind can't conceive

Nights over Egypt, nights over Egypt  
Nights over Egypt, incense and myrrh  
And girls that swirl to the music  
Nights over Egypt

Women fellahin  
Wear veils to been seen by no one  
Take a caravan across the Sudan  
Saharan facade is just a mirage

Oasis in the sand where life once began  
Under the moonlight your eyes won't believe  
What your mind can't conceive

Nights over Egypt, nights over Egypt  
Nights over Egypt, incense and myrrh  
And girls that swirl to the music  
Nights over Egypt

Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt

Oasis in the sand where life once began  
Your eyes won't believe  
What your mind can't conceive, oh yeah

Where there once lived a girl and she ruled the water  
Then down the Nile he came with a smile  
Take a caravan across the desert sand  
He was the king and she was the queen

Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt

Nights, nights
