It's hard to believe, that a year's gone by
Feels like yesterday
Strange as it seems, I knew back then
I'd feel this way today

The road is long, there'll always be wild winds blowin'
One thing you gotta know
Beyond the clouds there's nothin' but blue skies
Hey, hey, hey, hey

Out of the storm, come on in out of the rain
Out of the storm
Out of the storm, come on in out of the rain
Out of the storm

You try to slow down, but you loose control
Like a runaway
A voice in your mind, lets you know
This feeling's here to stay

Don't turn around, look straight up ahead, keep movin'
One thing you gotta know
Beyond the clouds there's nothin' but blue skies
Blue skies, eh hey

Out of the storm, come on in out of the rain
Out of the storm
Out of the storm, come on in out of the rain
Out of the storm

Got so much to give you, I got so much to give you
Got so much to give you, I got so much to give you
Baby

The road is long, there'll always be wild winds blowin'
One thing you gotta know
Beyond the clouds there's nothin' but blue skies
Baby

Out of the storm, come on in out of the rain
Out of the storm
Out of the storm, come on in out of the rain

Out of the storm

Out of the storm, come on in out of the rain

Out of the storm

Out of the storm, come on in out of the rain

Out of the storm

Got so much to give you, I got so much to give you

Got so much to give you, I got so much to give you
