All along, you did nothing wrong  
Still I'm missing something strong  
And I feel I don't belong, oh no  
What should I do but tell the truth

'Cause it's been eating me away  
And I'm burning just to say  
That we can't go on this way, oh no  
What should I do? What can I do?

And now I wish that I  
Could give you more than a stone cold heart  
I wish that somebody would have told me  
Then this would have been unnecessary

You're asking me why but I just can't lie  
You gave me more than a stone cold heart  
In a million years I never, ever thought  
We'd have to end this way

Now we've come this far and we  
Find it hard to just be friends  
And it's better if we end this way  
I don't wanna lead you on no more

And now I wish that I  
Could give you more than a stone cold heart  
I wish that somebody would have told me  
Then this would have been unnecessary

You're asking me why but I just can't lie  
You gave me more than a stone cold heart  
In a million years I never, ever thought  
We'd have to end this way
