When tomorrow brings you down  
Who would keep you amused  
After the thrill has gone?

When tomorrow brings you down  
Who will guide you through the maze  
When you're blind to all reason?

When tomorrow brings you down  
From outer space to no place  
Tell me, what you're gonna do?  
What you're gonna do?

When tomorrow brings you down  
Who won't turn and walk away  
Who will see you through the day?

All of the things we'll never say  
All of the things we'll never do  
If my baby can't let it go

All of the places we'll never go  
All of the things we'll never know  
If my baby won't let it go

When tomorrow brings you down  
How you gonna turn the tide  
Creeping into your soul?

When tomorrow brings you down  
And the passing of time  
Doesn't bring a better understanding

When tomorrow brings you down  
From outer space to no place  
Tell me what you're gonna do?  
What you're gonna do?

When tomorrow brings you down  
I won't pretend that I don't see  
This is the last time, baby

All of the places we'll never go  
All of the things we'll never know  
If my baby won't let it go

I can't be here anymore  
If my baby don't let it go  
No, no, no, no, no, no
