White rabbit smile, white rabbit smile  
Cry not so loud my lover frowns  
I'm a grown up lady from London town  
Yet ever more he sang his sad song-  
Sweet Alice is a long time gone

Oh Alice is gone, gone  
Alice is gone, gone  
Sweet Alice is a long time gone

She was pretty, oh yes  
With her flaxen hair, her eyes so fair  
Her sweet voice and her snow white dress

Oh Alice is gone, gone  
Alice is gone, gone  
Sweet Alice is a long time gone

It's seven long years  
Since last I seen your face  
No-one in Wonderland  
Could take your place  
But when I see you again  
That sets me back apace  
Sweet Alice is a long time gone

I would exchange my coat of fur  
If time would turn or waters burn  
I'd wish you back the way you were

Oh Alice is gone, gone  
Alice is gone, gone  
Sweet Alice is a long time gone.
