I don't believe in the things you say
Sick and tired of you, I've had enough
Now I walk away
See no reason to stay

I'm sorry for everything
I'm doing the righteous thing, yea

I am alive,
Standing my ground
Leaving the past to the past
Forever I'm staying alive

You try to fool me, but I know you
There is nothing you won't do
Hear me now, what I say to you
Leave me be, you are untrue

I'm sorry for what I've done
I'm trying to overcome, Yeah

I am alive,
Standing my ground
Leaving the past to the past
Forever I'm staying alive
