Hey look at me  
You will know me  
Forever and ever  
See what's inside  
Cause you'll take it  
Again and again

I watch you leave  
Make me believe

This time I know  
I won't take it anymore  
(I won't let you blind me)  
This time I won't  
Take you back  
Just like before

Come watch me now  
And you'll see that  
I'm stronger without you  
This time around  
It is you who will see me from behind

You watch me leave  
Make me believe

This time I know  
I won't take it anymore  
(I won't let you blind me)  
This time I won't  
Take you back  
Just like before

This time you will know  
This time I will go

Lies was all that I heard from your mouth  
Was that all you gave me in life  
Enough is enough

This time I know

I won't take it anymore  
(I won't let you blind me)  
This time I won't  
Take you back  
Just like before
