Once before the world began
God was sitting in the sky
He began to get some mud together
Oh, I wonder why

First he made a man, then he made a woman
Mr. Adam and Miss Eve
They began to be good friends
As I can well believe

Oh, remember that morning
Remember that time
Take a warning
When you see the sign

Eve was sitting in the garden
When in came a serpent
?Miss Eve take of this apple
And give it to your man?

?Give it to your man
I don't want it
Oh Adam, give it a try
Oh, give it a try?

Now friends if you're traveling
Never go taking an apple from a snake
If you do I will tell you true
Makin' a big mistake

Oh, remember that morning
Remember that time
Take a warning
When you see the sign
When you see the sign
