the more i look the more i find it hard to see,
im uncultured but im not quite sure what that means,
why bring me down and complicate,
you took my words but you hear them in a different
way,
the way you talk makes me not quite sure what to say,
we're talking now but is it too late,
who's listening now?
why wont you..

...find me and show me,
what do you want from me?
theres gotta be better than this,
i dont wanna leave you,
but maybe i need to,
theres gotta be better than this,
o-oh,
or we'll never know.

do you remember when we talked for hours on end,
just being stupid but at least we didnt pretend,
your smile helped me to find my way,
whos listening now?
why wont you...

...find me and show me,
what do you want from me?
theres gotta be better than this,
i dont wanna leave you,
but maybe i need to,
theres gotta be better than this,
o-oh,
or we'll never know.

i'll dream this away,
and come back another day,
when im less afraid of it all.

find me and show me,
what do you want from me?
theres gotta be better than this,

o-oh,
i dont wanna leave you,
but maybe i need to,
theres gotta be better than this,
o-oh,
or we'll never know x3
