The more i look the more i find it hard
to see,
I'm uncultured but i'm not quite sure what
that means.
Why bring me down and complicate
You take my words but then you hear them
in a different way,
The way you're talking leaves me not quite
sure what to say.
We're talking now but is it too late?
Who's listening now why won't you

Find me and show me,
What do you want form me?
There's gotta be better than this.
I don't wanna leave you,
but maybe i need to
It's gotta be better than this.

Do you remeber when we talked for
hours on end?
Just being stupid but at least we didn't pretend.
Your smile helped me to find my way
Who's listening now why wont' you
Find me and show me,
What do you want form me?
There's gotta be better than this.
I don't wanna leave you,
but maybe i need to
It's gotta be better than this.

I'll dream this away and come back
another day,
When i'm less afraid of it all.

Find me and show me,
What do you want form me?
There's gotta be better than this.
I don't wanna leave you,
but maybe i need to
It's gotta be better than this.
