Everything I knew just went out the window
Know I can depend on you forever
And I never thought I'd see my life walk away from me
I thought we'd always be together

Notice you didn't have to pay for every word I say
And I wish I could change your decision
And you know that I try, and tell you what it's like
But you just wouldn't listen

Let's go back, let's rewind to the days that remind me
Of all the good times that we spent together
And I don't know why we just let it all slide
When we both knew inside we were right for each other

I don't know what to do
'Cause you're everything that I knew

Everything's the same, it's like tomorrow never came
We used to talk about whatever and the seasons
Never change, we never used to act our age
Every time we were together

Notice you didn't have to pay for every word I say
And I wish I could change your decision
And you know that I try, and tell you what it's like
But you just wouldn't listen

Let's go back, let's rewind to the days that remind me
Of all the good times that we spent together
And I don't know why we just let it all slide
When we both knew inside we were right for each other

I don't know what to do
'Cause you're everything that I knew

How can you just walk out of my life
Without even giving a reason?
And how can you look so good
The day I watched you leaving?

Let's go back, let's rewind to the days that remind me

Of all the good times that we spent together
And I don't know why we just let it all slide
When we both knew inside we were right for each other

Let's go back, let's rewind to the days that remind me
Of all the good times that we spent together
And I don't know why we just let it all slide
When we both knew inside we were right for each other
