Matt:

Hey

Ho

Let's go!

The girls in the suburb

They wear nose-rings made of phosphor

Their lips are blue

Hair is green

They got piercings in their ears

Sticking out of their pockets

Some bottles of beer

They're running through the streets

And every place that they go

Is a stench of fuel in the air

Chorus {all}:

Das ist neu

Das ist neu

Hurra, hurra die Schule brennt {x2}

James:

The girls in the suburb

All ran away

Kicking the alarm

The sirens sound

The bells they ring

Children start to scream

School's burning down

School's burning down

The sirens in the distance

And it burns so good

Like firewood

Where the school stood

Everybody sing:

{Chorus}

Charlie:

The girls in the suburb

They wear nose-rings made out of phosphor
Radios turned up to eleven
Punk-rock ringing in their ears
They go to each other
By the burning fire
The sun shines in the sky,
The fire is burning
Out of control
And I don't wanna die

{All}

Das ist geil

Das ist geil

Hurra, hurra die Schule brennt {x2}

{Chorus}
