One day you'll see

Your change in ways are gonna turn on you

You are busted and you can't be trusted baby,  
(Yeah c'mon c'mon yeah yeah c'mon c'mon ID c'mon,  
c'mon c'mon ID)  
(Oh Oh Baby)

Last night I was feelin'low,  
'Coz of what I heard on the telephone,  
You said you were stayin' home,  
What was I to do,  
Is it cool if I come by,  
But you said 'don't even try',  
I can sense it in your voice,  
You got things to hide,  
What do you think you're doin' playin' these games on  
me,  
Unfaithful lady you lost your chance with me

BUSTED that's the end you're never gonna see my face  
again,  
There's only one thing left for me to do,  
That's to break it up and call it quits with you,  
BUSTED through and through,  
Goin' havin' fun with somebody new,  
I hope you understand what I said to you,  
That's one chance now I'm done with you,

You left me in doubt,  
So I went to the club to check it out,  
You said you were stayin' home,  
But then I saw your face,  
But to my surprise,  
Saw you gettin' freaky with my old nice,  
I gave you such a stare,  
But you didn't see me there,  
What do you think you're doin' playin' these games on  
me,  
Unfaithful lady, you lost your chance with me

BUSTED that's the end you're never gonna see my face  
again,  
There's only one thing left for me to do,  
That's to break it up and call it quits with you,  
BUSTED through and through,  
Goin' havin' fun with somebody new,  
I hope you understand what I said to you,  
That's one chance now I'm done with you,

You are busted and you can't be trusted baby,  
You are busted and you can't be trusted baby, (you've  
changed)  
You are busted and you can't be trusted baby,  
You are busted and you can't be trusted baby,

One day you'll see,  
That I don't approve of girls like you,

Your change in ways are gonna turn around on you,

BUSTED that's the end you're never gonna see my face  
again,  
There's only one thing left for me to do,  
That's to break it up and call it quits with you,  
BUSTED through and through,  
Goin' havin' fun with somebody new,  
I hope you understand what I said to you,  
That's one chance now I'm done with you,

BUSTED that's the end you're never gonna see my face  
again,  
There's only one thing left for me to do,  
That's to break it up and call it quits with you,  
BUSTED through and through,  
Goin' havin' fun with somebody new,  
I hope you understand what I said to you,  
That's one chance now I'm done with you,

You are busted and you can't be trusted baby,  
You are busted and you can't be trusted baby,  
You are busted and you can't be trusted baby,  
You are busted and you can't be trusted baby,

You are busted and you can't be trusted baby
