Im waiting for the perfect time to call you back,
coz I remember saying, I dont want another truth cant
handle that...
and I tried to, to get u but i dont know how
if i only knew...

It's written all over your face
such a painful thing to waste
tell me now,
where do we go
now the future's not so clear
I cant believe we've ended here
where's the world that dusnt care?
Maybe i could meet u there

Im sorry, if i slagged u down I ment no harm
but when when I heard the stories
I said things I didnt mean, shud have stayed calm

But sadly...
you got angry
and it breaks my heart
your so mad at me

It's written all over your face
such a painful thing to waste
tell me now,
where do we go
now the future's not so clear
I cant believe we've ended here
where's the world that dusnt care?
Maybe i could meet u there

maybe i could meet u there
maybe i could meet u there

It's written all over your face
such a painful thing to waste
tell me now,
where do we go
now the future's not so clear

I cant believe we've ended here
where's the world that dusnt care?
Maybe i could meet u there

Maybe I could meet u there
Maybe I should meet u there....
