I'm waiting
For the perfect time to call you back
Cos' I remember saying
Don't wanna know the truth
Can't handle that

And I try to (and I try to)
Just forget you (just forget you)
But don't know how
If only I knew

[Chorus:]

It's written all over your face
Such a painful thing to waste
Tell me now where do we go?
Now the future's not so clear
I can't believe we've ended here
Where's the world that doesn't care?
Maybe I could meet you there

Yeah
I'm sorry
If I slagged you down, I meant no harm
When I heard the stories
Said things I didn't mean
Should have stayed calm

But sadly
You got angry

And it breaks my heart
You're so mad at me

[Chorus:]

It's written all over your face
Such a painful thing to waste
Tell me now where do we go?
Now the future's not so clear
I can't believe we've ended here
Where's the world that doesn't care?

Maybe I could meet you there

Maybe I could meet you there
Maybe I could meet you there

It's written all over your face
Such a painful thing to waste
Tell me now where do we go?
Now the future's not so clear
I can't believe we've ended here
Where's the world that doesn't care?
Maybe I could meet you there

Maybe I could meet you there
Maybe I should meet you there
