Here we go  
Take a bow  
Because we're over now  
You were not  
There for me  
When I needed you and honestly  
I think I loved you more  
If that's possible  
I think I loved you more

[Chorus:]

It's over now and I can't save you  
Some things are better left unsaid  
And all the promises I made were so stupid  
Maybe we'll be able to be friends  
If that's possible

Two days gone I'm alright  
But you can't sleep at night  
What is it you don't like  
Are I'm happy now  
I was playing with your head  
And I close the door  
I was cheating when I said  
I love you more, yeah

[Chorus:]

It's over now and I can't save you  
Some things are better left unsaid  
And all the promises I made were so stupid  
Maybe we'll be able to be friends  
If that's possible

It's over now and I can't save you  
Some things are better left unsaid  
And all the promises I made were so stupid  
Maybe we'll be able to be friends  
If that's possible

If that's possible

If that's possible  
If that's possible  
It's over now
