Along she came
With her picture
Put it in a frame
So I won't miss her
Got on a plane
From London Heathrow
It seems such a shame (Yeah)

I feel her slipping through my fingers
Now she's gone
I'm sleeping with the light on
And shocks went through my veins
Now that she's gone
I'm sleeping with the light on

Heard she's engaged
Spoke to her best friend
No ones to blame
Hears wear it all ends
And I feel the pain
Cos I'm without her
I feel the pain

I feel her slipping through my fingers
Now she's gone
I'm sleeping with the light on
And shocks went through my veins
Now that she's gone
I'm sleeping with the light on

I see the sign
With a different light
And words cannot describe the way I'm feelin'
Cos I've been searching in my head
For the words I thought she said
For to long

I feel her slipping through my fingers
Now she's gone
I'm sleeping with the light on
And shocks went through my veins
Now that she's gone

I'm sleeping with the light on

(OOOOOOhhhhhh)

(AAAAAAhhhhhh)

(Oh yeah)

I feel her slipping through my fingers

Now she's gone

I'm sleeping with the light on (Yeah)

And shocks went through my veins (Through my)

Now that she's gone

I'm sleeping with the light on (x2)
