(Oh yeah yeah)

Her voice has echoed in my mind  
I count the days till she is mine  
I can't tell my friends coz they will laugh  
I love a member of the staff

And I fought my way to front of class  
To get the best view of her ass  
I dropped a pencil on the floor  
She bends down and shows me more

That's what I go to school for  
Even though it is a real bore  
You can call me crazy  
But I know that she craves me  
That's what I go to school for  
Even though it is a real bore  
Girlfriends, I've had plenty  
But none like Miss McKenzie  
That's what I go to school for  
That's what I go to school for

So she may be thirty-three  
But that doesn't bother me  
Her boyfriend's working out of town  
I find a reason to go out

I climb a tree outside her home  
To make sure that she's alone  
I see her in her underwear  
I can't help but stop and stare

That's what I go to school for  
Even though it is a real bore  
You can call me crazy  
But I know that she craves me  
That's what I go to school for  
Even though it is a real bore  
Girlfriends, I've had plenty  
But none like Miss McKenzie  
That's what I go to school for

That's what I go to school for

Everyone that you teach all day  
But you're looking at me in a different way  
I guess, that's why  
My marks are getting so high

I can see those tell-tale signs  
Telling me that I was on your mind  
I can see that you wanted more  
When you told me that I'm what you go to school for  
I'm what you go to school for

She's packed her bag it's in the trunk  
Looks like she picked herself a hunk  
We dropped by school to say goodbye  
My friends they can't believe their eyes

That's what I go to school for  
Even though it is a real bore  
You can call me crazy  
But I know that she craves me  
That's what I go to school for  
Even though it is a real bore  
Girlfriends, I've had plenty  
But none like Miss McKenzie  
That's what I go to school for  
That's what I go to school for
