Could you move in slow motion?
Everything goes by so fast
Just slow down a little
Save the best part for last

You speak in riddles
Your intentions turn me old
I'm yours forever
Will you love me when I'm gone?

When I'm gone
You're an undiscovered
(When I'm gone)
Over walls we've trampled

(When I'm gone)
It's you I admire
(When I'm gone)
My living example

Oh, your eyes are
An undiscovered ocean far away
Any minute now
Keeping both poets and priests at bay

Eh, don't get ahead of me, could we
Just this once see eye to eye?
Could you want perhaps me?
Ask me how it feels to vie?
To vie
You're an undiscovered
(To vie)
Over walls we've trampled

(To vie)
It's you I admire
(To vie)
My living example

It's a photograph discovered a decade after
It's a cannon-blast disguised as a firecracker
It's enough to bring a brick wall to its knees

And sing, please, ooo

Could you move in slow motion?
Everything goes by so fast
Just slow down a little
Save the best part for last

For last
You're an undiscovered
(For last)
Over walls we've trampled

(For last)
It's you I admire
(For last)
My living example
My living example

It's you I admire
My living example
