You crawl in bed  
Its three am  
You smell of wine and cigarettes  
A butterfly under the glass  
You are beautiful  
But you're not going anywhere  
We do the same thing every night  
I swear Ive heard this song before  
A swimmer who has seen a shark  
I should really be more wary of the water

You came you saw you conquered  
Everyone  
Im left here guessing  
What went wrong  
Yeah Im down but not out  
And far from doneÂ...hey all  
Beware! criminal

A prism  
With an intellect  
You throw your light selectively  
You stole my glow  
A seasoned thief  
The blacks of my eyes are turning into opals  
Today I walk  
There's nothing here left for me  
But empty promises  
And the thought of all the things Im never getting back

You came you saw you conquered  
Everyone  
Im left here bleeding  
What went wrong  
Yeah Im down but not out  
And far from doneÂ...hey all  
Beware! Whoohoohoo...Beware, Criminal

Did you think, did you think I wouldn't notice?  
Did you think did you think did you really think I  
wouldn't care?  
Did you think, did you think I wouldn't notice?

Did you think did you think did you really think I  
wouldn't care?

You came you saw you conquered  
Everyone  
Im left here bleeding  
What went wrong  
Yeah Im down but not out  
And far from doneÂ...hey all  
Beware! Whoohoo...Beware, Criminal
