Lyrics for Hunger For Power
performed by Incubus
Rational human beings irrational in other ways
Betraying each other in an unfriendly race
All they do is think for themselves
Ask them for some help and they'll tell you to go to Hell
Welcome to the brutal world
Vehemence, the way it goes
Rejoicing for the disgrace of the succesful one
The jealousy is the weapon of the incompetent bum
So if you think you've got your best frined
You better look back, you never know what he might do
next
The anger is built in silence
It's gonna cause some ignorant violence
That's a goal rule number one
To achieve in command
What they've done in the past
You're gonna let'em pay back
I wonder why you do to others
What you don't want them doing to you
If prejudice has a value in life
Evil would rule you too
Remember for all the bad things you commit
You're gonna pay with the same coin, you damn fool

Breaking the barrier between patience and rage
That are controlling you
Now you're feeling what your best friend was going
through
That's the way the circle of life

Has been for many years ago people are so greedy
When they're in trouble, they look for you
You can't lose this society battle
Evil plans are coming to your mind
To fight back, a sabotage
That has happened many times

CHORUS

Hunger for power
When you die

All you have
Won't go with you
Hunger for power
Stupid fight
You better stand straight
Or you might fall

CHORUS
Hunger for power
You'll never know
What might happen
To us all
Hunger for power
When you die
All you have
Won't go with you
