Better than watching gellar
Bending silver spoons
Better than witnessing
Newborn nebulas in bloom
She who sees from up
High smiles and surely sings
Perspective pries her once
Weighty eyes and
It gives you wings
I haven't felt the way
I feel today
In so long it's hard
For me to specify
I'm beginning to notice
How much this feels like
A waking limb
Pins and needles
Nice to know you
Goodbye
Nice to know you

Deeper than the deepest
Coustou would ever go
Higher than the heights of what
We often think we know
Oppressed that she who clearly
Sees the wealth of the trees
To obtain a birds eye is to
Turn a blizzard to a breeze

I haven't felt the way
I feel today
In so long it's hard
For me to specify
I'm beginning to notice
How much this feels like
A waking limb
Pins and needles
Nice to know you
Goodbye
Nice to know you
To know... you

Could it be that it had
Been there all along

I haven't felt the way
I feel today
In so long it's hard
For me to specify
I'm beginning to notice
How much this feels like
A waking limb
Pins and needles
Nice to know you
Goodbye
Nice to know you
To know
You
