Your heart burns for love
My soul burns for blood
I'll take you, I'll brake you
I'll crush you, I'll brake you
If you want me, I'll need you
I'll kill you, feed from you
I'll take you down that road that leads to destruction

Ref.

come and take a walk with me
where the angels fear to tread
kiss the flame
feel the pain
in the furnace of our love

I can't feed my hunger
your youth makes me younger
I'll hurt you, desert you
turn your dreams to nightmares
I'll cheat you, I'll eat you
I'll maim you, I'll drain you
come to me, come to me
to the dark side where love sleeps

Ref.

come and take a walk with me
where the angels fear to tread
kiss the flame
feel the pain
in the furnace of our love

come along and talk to me
sing a sweet song of despair
in your body hear the song
in the furnace of our love

I'll hurt you, you love me
I'll scratch you, I'll cut you
You'll kiss me, then miss me
I laugh at your torment
I'll have you, and own you
be hard and cold to you

I'll be your dark angel
I'll be your worst nightmare

Ref.

come and take a walk with me
where the angels fear to tread
kiss the flame
feel the pain
in the furnace of our love
come along and talk to me
sing a sweet song of despair
in your body hear the song
in the furnace of our love
