It's coming around again  
They're letting it out again, again  
It's coming around again  
They're letting it out again, again  
It's coming around again  
They're letting it out again, again  
It's coming around again  
They're letting it out again

When it comes, it comes abrupt  
And it feels, it feels like trading brains with an imbecile  
For real  
Yes I feel emphatic about not being static  
And not buying philosophies that are sold to me, no, at  
a steal

Just when you thought, it was safe to think  
In comes mental piracy, and no  
What I'm looking for?  
(For)  
Can not be sold to me  
I wish they all would stop trying  
'Cuz what I want, and what I need, is and will always be  
free, naa

(What I want?, what I need?)

It's coming around again  
They're letting it out again, again  
It's coming around again  
They're letting it out again

When it comes, it comes announced  
And it feels like a matador is taunting me with his  
reddest red cloth  
And I am the bull  
Yes I feel emphatic about not being static  
And not eating the bullshit that's being fed to me, no  
no  
'Cuz now I'm full

Just when you thought, it was safe to think

In comes mental piracy, and no  
What I'm looking for  
(For)  
Can not be sold to me  
I wish they all would stop trying  
'Cuz what I want, and what I need, is and will always be  
free, naa  
(What I want, what I need)

It's coming around again  
They're letting it out again, again
