[Lyrics: Francis, Moyses/Music: Francis]

Perfect night

The moon shines bright

But covered with blood

Because this is an evil night

Calls for a sign

Is what the invokers are meditating

The souls from beyond

Are hearing them calling

Moving objects

Sinister sounds in the air

Nerves tense

Hands holding tight

You can feel it answering everywhere

The seekers are happy

Thinking that they are hearing

The voice from their loved one

[Chorus:]

Beyond the unknown

Powerful spectre

Closing in

Is it a dream

Or is it true

Beyond the unknown

Communication begun thru the incarnated body

Of the spiritual leader

Questions are asked, answer correct

But they don't know the real horrors

Behind the spirit of the dead

Ceremony is over now

Relatives left in satisfaction

Knowing that he's resting in eternal peace

[Lead]

Days have passed

Then there was a knocking at the door

Live in the flesh

The missing one that they thought was dead

Memories coming back

Realizing what they have heard

Was nothing but a malignant force

Telling them nothing but lies

[Repeat chorus]
