Soft and white, like virgin snow.
She's calmly watching my desire grow.
The moon is full, wearing a dirty smile.
And I cover her body gentleman style.

Her fragile cobweb surrounds my heart.
There's no escaping 'till death do us part.
My blood is calling, I wait a while.
And I grant all her wishes gentleman style.

She's poison and angel.
She's fire and rain.
Here I go, I'm falling again.
Watch my heart come to life in the light of her smile.
While it's silently breaking, gentleman style.
Gentleman style.
While it's silently breaking, gentleman style.

Temptations wearing a crimson dress.
She talks of heaven in her sweet caress.
My heart won't make it another mile.
And I touch her in places gentleman-style.

The winds is flirting in open skies.
I taste her laughter, I taste her lies.
A change of heart, will take a while.

So for now I love her, gentleman style.

She's poison and angel.
She's fire and rain.
Here I go, I'm falling again.
Watch my heart come to life in the light of her smile.
While it's silently breaking, gentleman style.
Gentleman style.
While it's silently breaking, gentleman style.
Gentleman style.

Cold blue sweat on desert soil.
Love is watching a good thing spoil.
Emotions in bondage, it ain't worthwhile.
And I walk out of her life, gentleman-style.

Out of her life, gentleman style.

She's poison and angel.

She's fire and rain.

Here I go, I'm falling again.

Watch my heart come to life in the light of her smile.

While it's silently breaking, gentleman style.

Gentleman style.

While it's silently breaking, gentleman style.

Gentleman style.
