Take a walk sweet city girl.
With your hair and dreams in curl.
I'll take a better look, oh oh.
Look into my crystal ball.
See your magic castle fall.
Into open hands.

All cried out.
I'll save you from the guns.
This time out.
I'll change the way the water runs.

Since I met you, I'm a rebel with a cause.
I'll prove to you.
There's a better world somewhere out there.
Since I met you.
I'm a rebel with a cause.
A rebel with a cause.

Tired of the high-speed chase.
Let down by the human race.
I wanna shelter you oh oh.
Feel my anger growing cold.
We'll never see our dreams get old.
If we let it slide.

Soft and pale.
Breathing causes pain.
All words fail.
Anger's falling with the rain.

Since I met you, I'm a rebel with a cause.

I'll prove to you.
There's a better world somewhere out there.
Since I met you.
I'm a rebel with a cause.
A rebel with a cause.
A rebel with a cause.
I'm a rebel with a cause.

Scars may hurt and scars may heal.

Your neighbor makes you hard as steel.
And no one gives a damn just how you feel.
No.

Since I met you, I'm a rebel with a cause.
I promise you.
I'm the one that's watching over you.
Since I met you.
I'm a rebel with a cause.
A rebel with a cause.

Since I met you I'm a rebel with a cause.
I'll prove to you.
There's a better world somewhere out there.
Since I met you.
I'm a rebel with a cause.

A rebel with a cause.

A rebel with a cause.

A rebel with a cause.
